Senior Software Engineer @LetsGetChecked

## Profile

I'm a Tech Lead & Senior Software Engineer with +10 years of experience mainly on Microsoft tech stack.

I love working within a team and for the team always looking for the best working environment.

As a team lead, mentor and solution architect, my main goal is to provide the best tools and solutions to promote team's autonomy.

I've been involved with SRUM and Kanban methodology.

Some techs/solutions/designs I've been using are: Clean Architecture, .NET, ASP.NET Core, APIs, gRPC, OAuth2, OpenID Connect, T-SQL, EF Core, Dapper, Serilog, Swagger, CQRS, Azure, DevOps, CI/CD, Docker, Kubernetes.
